MEMORANDUM FOR: 

25X1A9a

SUBJECT : Sale of Automobiles and Other Property by
Personnel Stationed Abroad

1. Attached is a memo from General Counsel to the Office of Personnel pertaining to the above subject and a list (thermofax) of names ~~received~~ by Internal Revenue of Agency personnel who have sold property. There is another list ~~from~~ (tablet paper) showing the address of record of the employees concerned. The Deputy Director of Personnel has requested that we confirm the current address of these employees with the operating Divisions concerned and return the list and correspondence to him for transmittal to Internal Revenue via General Counsel's Office. In this connection any cover or security problems known to the Divisions should be considered in preparing the final list.

2. It has been suggested that a notice be sent to the field advising members of the interest on behalf of Internal Revenue in sales of property abroad. I suggest that unless you feel some other channel is more appropriate, that you have an article prepared for the next issue of the Support Bulletin.

3. As a matter of information only, I will mention this subject to the Support Chiefs at the Thursday meeting, but will leave action to you.
